

EXECUTIVE BIOGRAPHY

Howard Morrison, CMA

Howard Morrison is the Director of Finance for Ontario Electronic Stewardship (“OES”). He is responsible for financial operations, and information technology. He also consults on OES’s finance audit and risk management (FARM) committee.

Prior to joining OES in September, 2010, Howard held a senior position managing finance, HR and facilities for Intelligent Creatures, a privately held company specializing in digital effects for feature films. Before that, he served 20 years for Toshiba Canada, including his last appointment in 2007 to VP, Operations for both its Office Products and Toshiba Business Solutions groups, and prior to that was named Chief Financial Officer for Toshiba Business Solutions in 2000, where his responsibilities also included HR and IT.

Howard brings more than 25 years’ experience in the high tech industry in various financial (M&A, cash management, reporting, budgeting and forecasting, tax, audits, receivables/collection, payables), as well operational management (customer service, equipment billing, service contract management, IT and HR) positions.

A respected business leader, Howard is a Certified Management Accountant, and holds a Bachelor of Mathematics from the University of Waterloo.
